

EBSC Fall Invitational Swim Meet 04 & 05 November 2006

A total of 206 swimmers competed over the two-day meet, as usual the girls (136) exceeded the boys (70) by virtually 2:1. Collectively the swimmers created 1080 splashes (counted from each individual swim plus each relay swim), this was down by 17 from the amount recorded in our 2005 meet, but still a good representation as we had 11 less swimmers competing this year. In total 617 swims were finished with Personal Best times in the individual events, of these 449 were improved times, the rest came from first time swims.

EBSC swimmers regularly featured in the top three places throughout the meet, in fact of the 98 events, EBSC swimmers won 55. The complete results have been posted on the SwimDirect web site.

The High Point winners in each age group were awarded a custom designed EBSC Plaque and the second and third place getters were awarded Medallions. Points were awarded for every individual event; five for first, two for second and one for third. The Team points were awarded for each individual event and for relays.
